

A-SPEAR WORKFORCE

THE BEST IN BLUE COLLAR

February 22, 2010

ATSSA is coming to Reno.

Hello valued customer,

I have had many of you mention that your employees need to be ATSSA certified as either Techs or Supervisors or both but that ATSSA never comes to Reno. My name is Stacey Azevedo, I am the owner of A-Spear Workforce and I am sponsoring ATSSA to come here so that you can get your employees certified without going to Colorado, Arizona or other states and pay air fare, hotels, cars & food like I had to when I got mine.

There is limited seating and the prices on the next form are for the people that sign up & pay for this class this month. Those that sign up late will have a price increase because I have to cover the cost of them coming here whether we have a full class or not.

The Tech class is the 10th and the Supervisor class is the 11th & 12th. In order to take the supervisor class, you must take the technician class. The certificates are good for 4 years and they are good for the United States.

I am not set up to take credit cards so please send checks only. Please make the checks out directly to me and if for any reason the class is cancelled, your money will be refunded to you. I don't foresee this happening because there is such a great need for it. Please fill the form out with the names of the people who will be attending the class.

If you have any questions please don't hesitate to call me. My cell is (775) 742-0449. Thank you & I look forward to seeing you at the class.

Respectfully,

Stacey Azevedo
